Composting

# Certified Master Composter 2006

## Are You Interested in Learning to Compost/Garden... Without the Use of Toxic Chemicals... While Reducing Your Household Food & Yard Waste?

### Learn...

- ◇ To Garden Without Toxic Chemicals
- ◇ To Use Compost to Improve Your Garden
- ◇ The Difference Between Good and Bad Insects
- ◇ How Worms Can Eat Your Garbage
- ◇ To Reduce Household Food & Yard Waste

### The Master Composter Program...

Is a comprehensive educational program of classroom and hands-on experience teaching the fundamentals of recycling, backyard composting and vermicomposting (the magic of worms).

Combines extensive training, an all-inclusive manual, books and other resource materials.

### No Cost...

The program is **FREE** to San Mateo County residents in exchange for volunteer community service sharing what you've learned with your neighborhoods, schools and peers.

An open house introductory session will be held on Friday, February 10th. Come anytime between 6:30-8:30 pm to meet the instructor, Alane Weber, and find out more about the program.

**Classes begin: March 4, 2006**  
College of San Mateo, Horticulture Dept.
